BLOSSI TABLE

Design: Sofie Refer, 2018. EU-model.

Blossi Table in mouth blown Clear glass and Nordic Gold finish.

Inspired by the golden light during the Nordic fall, Blossi Collection is designed to give an indirect and soft light.

A special recessed LED provides a soft light reflected in the metallic finish of the shade. Blossi Collection has beautifully rounded glass lampshades that complete the soft appearance.

The Blossi collection has a wide variety of uses and is suitable for both domestic and public spaces.

Blossi Table works beautifully as a classic desk light as well as in any interior decoration for an over all ambience.
